

Cap for Mark Grigsby – 719-360-4665

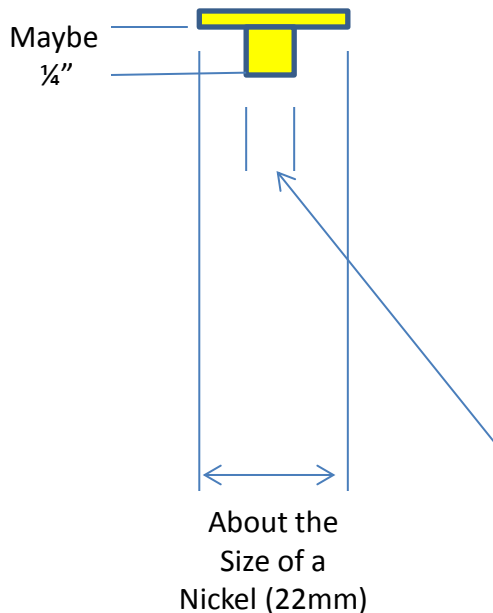

Top View

Printing on top would be something like:

- Isa-P 0020
- RA-R 2296
- Mad-P 1800

Side View

Color is not critical – but need high contrast between base Color and printing

May want to do 4 ridges on underside of top and on part that Goes into the spool

Part that goes into spool would be hollow and would be Different diameter depending on brand. For instance, one Brand is .344 inches in diameter and another brand is .32 inches In diameter

We will need close to 4000 unique versions of this. Don't know What volume will be if this starts to sell.
